Subject: **New screw spline screw S429-OR for
14000/14650/4500/TU24000 systems**

Effective March 26, 2015 the S429-OR #10-16x1-1/4" Hex unslotted washer high head will replace the S202-OR screw spline screw for 14000/14650/4500/TU24000 systems and associated entrance framing. Any order entered on this date will be filled with the S429-OR. Installation torque for S429-OR must not exceed 45 in-lbs.

The S429-OR features a special non-electroplated coating and 5/16" hex washer head.

New S429-OR
