CURTAINWALL AND ENTRANCE SYSTEMS

Communication Date: **4/21/2020**

Engineering Bulletin: **ECR00255**

Effective Date: 4/21/2020

Released By: **Perez, Marcell**

Systems Affected: **E/T/TU24650**

Subject: **New 24650 Storefront Setting Blocks**

Effective immediately 24650 Series framing systems will transition from existing setting blocks to new redesigned setting blocks for improved product consistency. Please use or scrap existing inventories before switching to the new setting blocks.

All documents for each of the systems, if not currently updated, will be updated by the release date. There are no changes to the glass sizing calculations. Full details available on the perimeter sheets for each system.
